COLLABORATIVE METHODS
A MONTHLY NEWSLETTER

Dear [member_name_first],

Welcome to our December 2009 edition. This monthly newsletter showcases design solutions that The Schimberg Group provides to its clients.

The Schimberg Group understands that collaboration is fundamental towards achieving best practices, sustainable success and **Extraordinary Results**.

President's Corner:

BRING IT ON!

Of all human powers operating on the affairs of mankind, none is greater than that of competition.

- Henry Clay

An interesting approach to a potential project is a competition. Competitions are prevalent in Europe and provide opportunities for design firms to win large scale projects. In the United States, competitions are not as common. Recently, The Schimberg Group participated in a competition that proved successful for both the architects and the owners. Competitions, when handled properly (procedurally and financially), allow owners to gain ideas and select the best architect for the job, while allowing the architect and design team to explore projects in a different manner and express creativity in a competitive spirit.
