COLLABORATIVE METHODS
A MONTHLY NEWSLETTER

Dear [member_name_first],

Welcome to our **Second Year Anniversary** edition. This monthly newsletter showcases design solutions that The Schimberg Group provides to its clients.

The Schimberg Group understands that collaboration is fundamental towards achieving best practices, sustainable success and **Extraordinary Results**.

President's Corner:

Happy 2nd Year Anniversary

This month's newsletter has two purposes. Often we find ourselves focusing on the project's success for future marketing and forget that our client's reactions potentially provide great feedback and a positive marketing tool. Ask for testimonials. Most happy clients are very willing to provide them. Once you receive the compliment, use it for marketing...or as content in the 2nd anniversary edition of your newsletter. Thank you all again for supporting us and reading our newsletter each month.

Testimonials

"Of all of the newsletters I receive each month, yours is the one I read and pass along to others in my office. I find the layout to be great and I always feel that I find something interesting and informative in every issue. Keep up the good work."

- *Tom McCollum*
Director of Planning
ZNS Engineering

"I find the Collaborative Methods newsletter very practical and straightforward. The methods highlighted are often applicable considerations I need to make in my line of work, and including referenced projects where methods have been or will be used is very helpful."

- *Leon Camarda*
President
Camarda Development Group

"Your newsletter is both informative, short and to the point. Thank you for sharing these important points that can only help in design and final product."

- Joel Ehrenpreis
President
Business Therapeutics

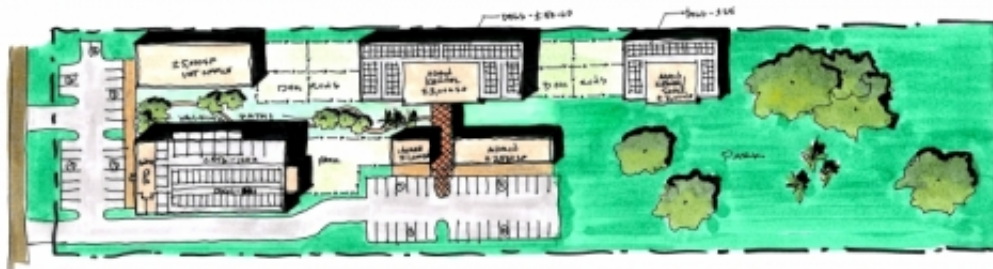

"I do enjoy reading them. They are concise and interesting. I do not just delete them."

- Dr. Mark Kauffman
Local Developer
